

Inspired by Nature | Designed by Vista

Behold Vista

Vista furnishings are truly a sight to see.

Each product in the Vista series is crafted with careful attention to detail; pairing innovative design with meticulous engineering, Vista offers unparalleled quality and unceasing beauty.

Using the most innovative materials and the latest in computer-aided design including 3-D printing, Laser-Cut patterns, and CNC machining, Vista products are manufactured with the specific intention of providing lasting, stunning fixtures to any environment.

The benches in the Vista line are inspired by the natural simplicity and stunning attraction of the grandest

of North American scenery, Vista benches borrow their names from some of the most iconic lakes and waterways of North America. Lakes and waterways which have come to symbolize truly inspiring vistas.

All Vista products are made in North America using environmentally responsible resources. As breathtaking as a serene prairie lake and as rugged as the enduring Rocky Mountains, Vista furnishings are a perfect blend of form and function.

With Vista, it's easy to turn any public space into a scene to behold.

Features and Benefits

Vista is an attractive product line which can complement any environment, from scenic parks and trails, to urban streets and shopping malls.

Not to be understated, however, is Vista's commitment to quality and ecological sustainability.

Vista is dedicated to conserving the environment; superior quality recycled materials and environmentally conscious methods are used during fabrication, including lead-free and solvent-free powder

coatings, and wood sourced from ecologically managed forests. Many of the finished products themselves can even be recycled, ensuring that Vista looks confidently to the future.

Vista's construction quality is unmatched. Comprised of strong, durable materials, every product in the Vista line is built to last. Vista uses the same heavy-duty materials in all of its benches, so choose from straight, curved, arch-back, backless, or even a customized version, and regardless of style, rest assured that Vista has got your back.

The full and final Vista allure is only possible through the application of an extremely high quality finish, which is present on all of our products. After every surface is carefully prepared, exacting detail goes into each stage of the coating process.

Inline Quality Process

Sand Blasted

All metal is sand-blasted to remove any impurities, and to etch the surface in order to promote excellent adhesion of the subsequent layers.

Zinc Primer

The products are then sprayed with a zinc-rich primer, and allowed to partially cure. E-Coat primer available when required.

Powder Coat Application

Next, a TGIC-free polyester top coat is administered over the zinc primer.

Curing Powder Coat

The final stage occurs in a state-of-the-art infrared oven, where all of the combined coatings are cured and altogether hardened into a positively incredible finish.

Shipping

Finally, each product is carefully packaged using heavy duty shrink wrap, and then physically bolted down for stability during transport.

The end result is something that looks gorgeous no matter where it rests, and maintains its strength and appeal no matter how long it stays there.

SUPERIOR SERIES

Lake Superior is the largest fresh-water lake in the world. It is only fitting that Vista's Superior series is equally as all-encompassing. Benches in the Superior line come in a large assortment of styles, and can be tailored to fit a wide variety of spaces and aesthetics.

The Superior series of benches combines sophistication, comfort and durability, all at a very competitive price. This series offers customization in terms of vertical or horizontal metal slats, curved frames, arched-back or straight-back, even multiple types of wood are available, so there is certain to be a Superior bench for everyone.

SV6

Model: SV6
Description: 6' (1.83m) Superior Bench with Back
End Frame: 0.5" x 2" (12.7 x 50.8mm) Solid Steel Flat Bar.
Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) Steel Flat Bar and HSS Tubing
Type: Modular Steel with Vertical Slat
Options: SV4 - 4' (1.22m) Superior Bench with Back

SVA6

Model: SVA6
Desc.: 6' (1.83m) Superior Bench with Arched Back
End Frame: 0.5" x 2" (12.7 x 50.8mm) Solid Steel Flat Bar
Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) Steel Flat Bar and HSS Tubing
Type: Modular Steel with Vertical Slat
Options: NA

SVB6-C-PED

Model: SVB6-C-PED
Desc.: 6' (1.83m) Superior Backless Curved Bench with Pedestal Base
Pedestal: 2.375" (60.33mm) Steel Tubing; 0.5" (12.7mm) x 3" (76.2mm) and 0.25" (6.35mm) x 3" (76.2mm) Steel Flat Bar
Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) and 0.25" (6.35mm) x 3" (76.2mm) Steel Flat Bar; 1.66" (42.16mm) HSS Tubing
Type: Modular Steel with Vertical Slat
Options: SVB6-PED 6' Straight Backless Bench with Pedestal Base

SHI6

Model: SHI6
 Desc.: 6' (1.83m) Superior Bench with Back
 End Frame: 0.5" x 2" (12.7 x 50.8mm) Solid Steel Flat Bar
 Seat Section: 1" x 2.5" (25.4 x 63.5mm) Ipe Hardwood
 Type: Modular Steel with Horizontal Slat
 Options: SHI4 4' (1.2m) Ipe Hardwood
 SHR4 4' (1.2m) Recycled Plastic
 SHR6 6' (1.83m) Recycled Plastic

SH6

Model: SH6
 Desc.: 6' (1.83m) Superior Bench with Back
 End Frame: 0.5" x 2" (12.7 x 50.8mm) Solid Steel Flat Bar
 Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) Steel Flat Bar and HSS Tubing
 Type: Modular Steel with Horizontal Slat
 Options: SH4 4' (1.2m) Horizontal Slat

SV6-CV-PED

Model: SV6-CV-PED
 Desc.: 6' (1.83m) Superior Concave Bench with Pedestal Base
 Pedestal: 2.375" (60.33mm) Steel Tubing; 0.5" (12.7mm) x 3" (76.2mm) and 0.25" (6.35mm) x 3" (76.2mm) Steel Flat Bar
 Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) and 0.25" (6.35mm) x 3" (76.2mm) Steel Flat Bar; 1.66" (42.16mm) HSS Tubing
 Type: Modular Steel with Vertical Slat
 Options: SV6-CX- PED Convex Bench
 SV6-PED Straight Bench

SVC-72-360

Model: SVC-72-360
 Desc.: Superior Convex Circular Bench -360° with 72" (1.83mm) inside Dia.
 End Frame: 0.5" (12.7mm) x 2" (50.8mm) Steel Flat Bar
 Seat Section: 0.25" (6.35mm) x 1.5" (38.1mm) Steel Flat Bar and 1.66" (42.16mm) HSS Tubing
 Type: Modular Steel with Vertical Slats
 Options: SVC-72-270 Convex Circular Bench 270°
 SVC-72-180 Convex Circular Bench 180°
 SVC-72-90 Convex Circular Bench 90°

SV6-CV

Model: SV6-CV
 Desc.: 6' (1.83m) Superior Concave Bench with Back
 End Frame: 0.5" x 2" (12.7 x 50.8mm) Steel Flat Bar
 Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) Steel Flat Bar and HSS Tubing
 Type: Modular Steel with Vertical Slat
 Options: SV6-CX Convex Bench

SV6-CX

Model: SV6-CX
 Desc.: 6' (1.83m) Superior Convex Bench with Back
 End Frame: 0.5" x 2" (12.7 x 50.8mm) Steel Flat Bar
 Seat Section: 0.25" x 1.5" (6.35 x 38.1mm) Steel Flat Bar and HSS Tubing
 Type: Modular Steel with Vertical Slat
 Options: SV6-CV Concave Bench

SHBI6

Model: SHBI6
 Desc.: 6' (1.83m) Superior Backless Bench
 End Frame: 0.5" x 2" (12.7 x 50.8mm) Steel Flat Bar
 Seat Section: 1" x 2.5" (25.4 x 63.5mm) Ipe Hardwood
 Type: Modular Steel with Horizontal Slat
 Options: SHBI4 4' (1.22m) Ipe Hardwood
 SHBC4 4' (1.22m) Cedar Slats
 SHBR4 4' (1.22m) Recycled Plastic Slats
 SHBC6 6' (1.83m) Cedar Slats

 Type: Modular Steel with Vertical Slat
 Options: SVB4 4' (1.22m) Backless Bench

HURON Series

The second-largest of the Great Lakes, Lake Huron is both majestic and cosmopolitan. So too is Vista's Huron series of benches. With a timeless, elegant style, Huron benches are right at home in even the most refined areas, but can be used to add a touch of old-world charm to any space.

Metal Huron benches offer the choice of either vertical or horizontal slats, and are mounted on a classic solid cast-aluminum frame. Choose ipe hardwood for an extremely durable, pastoral charm.

For an even more dignified look, arched and curved benches can lend graceful, fluid lines, greatly underscoring these benches' cultured appeal.

HV6

Model: HV6
Desc.: 6' (1.83m) Huron Bench with Back
End Frame: Solid Cast Aluminum

 Options: HVC-72-270 Convex Circular Bench 270°
 HVC-72-180 Convex Circular Bench 180°
 HVC-72-90 Convex Circular Bench 90°

TAHOE Series

Nestled quietly in the Sierra Nevadas, Lake Tahoe is as peaceful and awesome as its mountainous surroundings. Benches from the Tahoe series are just as monumental, with their understated dignity and permanence.

Comfortable as a cool, high-altitude breeze, Tahoe benches are perfect for enjoying a tranquil afternoon amid a regal copse of conifers, but in truth they situate well in any environment.

Tahoe benches are available in several options, including arched-back, straight-back, and even backless models. Also available is the option for Brazilian ipe hardwood, obtained as always, from ecologically monitored forests. And for a slightly urban touch, opt for a Tahoe bench with steel slats or even recycled wood instead.

MORaine Series*

Lake Moraine's blue-green majesty and cool, austere climate inspired Vista's Moraine series of benches. Rustic, yet regal, Moraine benches can lend a touch of natural class to any venue.

Various custom options are available for the Moraine series; laser-cut steel patterns such as the Infinity, Diagonal, or Horizontal cuts, all look superb complementing a bench using optional Brazilian ipe hardwood.

* Now meets accessible criteria for benches.

RIDEAU Series

The Rideau Canal spans an impressive 202 kilometers in length, connecting the capital city of Ottawa with Lake Ontario and the Saint Lawrence River. Rideau is French word for curtain, an apt description for the signature twin waterfalls that occur where the Rideau River joins the Ottawa River.

Rideau benches are architecturally well-designed with a modern look. These extremely durable and inviting benches feature seat and back portions constructed from Brazilian Ipe hardwood, obtained from ecologically monitored forests.

Type:	All welded steel frame with horizontal Ipe hardwood slats

ERIE Series

Lake Erie is known for its changeable temperament, and so it is only fitting that Vista's Erie series is equally dynamic. The Erie series is predicated upon a singular infinity steel laser-cut pattern that is as artistic as it is universal.

As such, the Erie series can be paired with other Vista frame ends from the Tahoe, Superior, and Huron series for greater versatility in style and placement.

HUDSON SERIES

Hudson series benches are crafted to be one solid design. A single, large laser-cut steel pattern gives the Hudson series improved stability and durability, without appearing cumbersome.

In fact, the clean, sleekness of the Hudson benches suggests a very modern look, certain to turn heads regardless of locale.

SHADE Series

Introducing the new Shade Series by Vista.

When guest comfort is a top priority, don't forget the shade. Shade Series items provide protection from the elements with laser cut designs that complement our furnishings. Add shade to tables, benches, or even bike racks to keep seats cool and thank your bicycle commuters. See the full line at www.vistafurnishings.com.

MICHIGAN

Series

The beauty of Lake Michigan is enjoyed by more than 12 million people and fittingly, the Michigan series is modeled specifically for urban settings. Unobstructed for lots of room, these benches make for the perfect commuter-style seating.

For train or subway stations, bus stops, and other high capacity urban areas where space might be at a premium, Michigan benches offer sanctuaries of individual seating amid an otherwise bustle of activity.

With 0.25" Steel Flat Bar, and HSS tubing, the clean lines of the Michigan series make these benches the go-to choice for your transit station or busy city streets.

CUSTOM Furnishings

Once you've selected the perfect piece of Vista furniture, why not customize it? Ideal for businesses or sports teams looking to build brand recognition or organizations wishing to thank important sponsors. Also a great way for individuals to keep a loved one in their memory by placing a memorial bench at a favourite scenic vista. Nearly any bench can be customized with a decorative plaque or a laser cut logo.

Erie Custom Bench with Tahoe Frame

Moraine - Custom Name Bench

Moraine - Custom Canada Bench

Moraine - Custom Butterfly Bench

Custom Laser Cut Bike Rack

Custom Design - Laser Cut Seats

Custom Tapered Trash Receptacle with Curved Rainshield

Custom Trash Receptacle with Square Rainshield

TRASH

Receptacles

Vista trash receptacles are a perfect fit with Vista benches, and come in all the same materials and styles in order to look right at home beside them.

Keep your aesthetic streamlined by placing similarly themed items together, or mix-and-match with various styles, the choice is yours; the same laser-cut steel patterns, recycled plastic, or ipe Brazilian hardwood surfaces used in the Vista bench series are also available for Vista's trash receptacles.

With easy access doors, flare-top or flat-top designs, and the ability to complement any bench series, Vista receptacles are sure to fit in with your existing park or community space.

RECYCLING

Communities are committed to environmental sustainability and require access to recycling repositories while enjoying the outdoors.

Vista recycling stations are strong, durable and literally designed to handle a lot. Not only will they help to keep your space clean, but with separate liners and openings, they also help to sort the various types of recyclable materials.

Recycling bins are available in several different styles including flare-top, flat-top, and with several helpful additions such as an optional rain shield, or a graphic, printed recycling message to help with accurate sorting.

PLANTERS

Add a little green space to your community or park area. Even if it is already naturally verdant or lush, any public area could always use a little more.

Planters are a great way to add some green in a controlled and domesticated way and can be essential in sculpting an attractive environment.

Vista planters are made to withstand the outdoors and will showcase any flora splendidly.

TABLES

One of the most enjoyed activities in a park setting is the pleasure of eating outdoors. The fresh air and lovely surroundings make it all the more pleasing. Add some comfortable seating, and a built-in tabletop, and it can be positively delightful.

Vista's picnic tables are tough and rugged, and are meant to stay looking great for years of enjoyment.

With a variety of styles and materials available, as well as options such as wheelchair accessibility, Vista's picnic tables will work great in any outdoor venue either on their own, or accompanying other Vista furnishings.

BOLLARDS

Bollards keep cars where they are supposed to be, protect building entrances and provide a clear delimitation between foot and vehicle traffic.

Vista also makes bollards with optional bicycle rack loops, making them a great option for bicycle storage as well.

A line of looped bollards separating your park from an adjacent road or parking lot not only offers an attractive area for bicycle storage combined with the function of a physical barrier protecting the space from vehicles, but it can also effectively signify the transition into your public space. Eyelets can be added for the installation of chain or rope between bollards.

Vistas bollards are all exceptionally durable, made from a strong galvanized steel tube and aluminum cap.

BL001-G

Model:	BL001-G
Desc.:	5" (127mm) Dia. Steel Bollard, Cast Alum. Cap and Base
Configuration:	36" (914.4mm) High
Material:	11ga (3.18mm) Galvanized Steel Tube

 Options: Varios Heights and Widths up to 12'

TRADITIONAL & SPORTS

Benches

Sports or players' benches are perfect for temporary relief from playing hard on the field. Designed to be modest and unassuming, these backless benches offer comfort without getting in the way.

With a slim profile, and made extra durable, Vista's sports benches really look great out there.

The ubiquitous park bench; a staple for decades. These benches are so universal because they are affordable, easy to maintain, and perfectly designed for sitting.

Available in a wide variety of shapes, styles, and materials, Vista's traditional benches would not be out of place in any setting. Indeed, they so admirably perform their task that their commonplace status is unlikely to change anytime soon.

BICYCLE Racks

A well-placed bicycle rack provides a combination of function and organization in any public space. It provides a designated location for bicycles to be secured and avoids the clutter of bicycles being locked to other structures.

Vista offers a large assortment of bicycle racks, for a wide variety of situations. From the unique and creative, to the more simple and functional, there is a Vista bicycle rack to suit your needs or tastes.

All racks are highly durable and made to withstand repetitive use.

Warranty & Terms

Product Warranty Statement

Due to the wide range of product offerings, please contact our head office, or your local Vista Furnishings representative for our complete comprehensive warranty statement.

For additional details ask your Vista Furnishings sales representative.

Specifications

Vista Furnishings has a commitment to continuous product development and improvement and therefore reserves the right to improve or alter specifications or discontinue products without notice.

Terms of Sale

To Governmental agencies, tax-supported institutions and those with approved credit, payment is due within 30 days of the date of invoice. A 2% per month finance charge will be imposed on all past due accounts. All other orders require a 50% deposit at the time of order entry. The balance will be due by certified cheque upon receipt of shipment (C.O.D.).

Prices

Prices are F.O.B. factory and do not include freight charges. Prices are subject to change without notice.

Taxes

If applicable, taxes will be added to the invoice except when a tax exempt certificate is provided with the purchase order at the time of order entry.

Freight Charges

Freight charges are determined and collected by the carrier unless Vista Furnishings is requested and agrees to prepay and add these costs to the invoice.

Delays in Transit

Vista Furnishings is not responsible for delays in transit and such delays shall not alter our invoicing terms. If your order does not reach you within a reasonable time after being advised that shipment went forward from our factory, Vista Furnishings will assist you in the tracing process.

Loss or Damage in Transit

Vista Furnishings is not responsible for loss or damage in transit. When we release the material to the carrier, a bill of lading is signed which states that the shipment was received from us complete and in good condition. A copy of this bill of lading is forwarded to you with the shipment and should be checked carefully with the materials you receive. Any shortage, discrepancy or damage must be noted on the delivery receipt and signed by the driver. Failure to note exceptions on the delivery receipt may impair your right to recovery from the carrier.

Order Cancellation

Once accepted, orders can be cancelled only with the consent of Vista Furnishings, and on terms which will indemnify Vista Furnishings against loss. Cancelled orders will be subject to a restocking fee. Orders for custom-built equipment cannot be cancelled.

Weights and Sizes

Weights and sizes are reasonably accurate and could vary with product changes. Weights do not include added weight through packaging and shipping.

General

Some products in this catalogue may not be exactly as shown. Assembly may be required for some product.s.
